

PORT COLBORNE

Mayor's Report to the October 24, 2016 Council Meeting

Visit by Prime Minister Justin Trudeau

Last Friday was an exciting day in Port Colborne as we welcomed Prime Minister Justin Trudeau to our city. Many thanks to MP Vance Badawey for making arrangements for this visit. While the visit was brief, the Prime Minister did get to speak and shake hands with many of our residents. Thank you to everyone in the city for making him feel welcomed. There are a lot of great photos on Facebook.

Canadian Niagara Power

We have been advised by Canadian Niagara Power that they are doing some community outreach giving individuals a chance to speak one-on-one with representatives from both their customer service and energy efficiency and conservation teams.

They will be set up at the Port Cares offices at 92 Charlotte Street on November 18th and December 9th. If you would like to make an appointment to speak with them, please call 905-835-0051 Ext 3203.

Medical Marihuana

You are no doubt aware of another circumstance of a medical marihuana facility in Niagara-on-the-Lake found to be growing in excess of their allotted licences. These operations are of grave concern to us here in Port Colborne. We have forwarded our concerns to both Health Canada and the Federal Minister of Health and are still awaiting their response.
